<b>COURSE DESCRIPTIONS</b>
<b>CBRM Seminar: Business Continuity Planning &amp; Management (3-day seminar)</b>
The CBRM Seminar is a comprehensive all-in-one 3-day <b>business continuity planning and management</b> training course which is designed to teach practical methods to develop, test, and maintain a business continuity plan and establish a business continuity program. The seminar provides open-concept education and is based on industry best practices and guidelines for the BCM process and the six stages of the BCP process:
<b>CBRA Seminar: Business Continuity Audit (2-day seminar)</b>
The objective of the <b>business continuity audit</b> course is to teach students how to assess a company's ability to maintain continuity in the event of a business disruption. It provides 2 days of intensive audit training to enable students to determine the effectiveness, adequacy, & quality of an organization's BC Program.
<b>CBRITP Seminar: IT Continuity &amp; Disaster Recovery Planning / Certified Business Resilience IT Professional (3-day seminar)</b>
Today's businesses rely heavily on a robust & resilient information technology & telecommunication infrastructure to deliver essential business services in order to meet company mission, objectives, & key targets. This dependence on information technology stems from several requirements & demands.
<b>CBRMA Seminar: A combined training in Business Continuity Management and Business Continuity Audit (5-day seminar)</b>
Part 1 is a comprehensive advanced business continuity planning and management workshop which is designed to teach practical methods to develop, test, and maintain a business continuity plan. This business continuity training is based on industry best practices and guidelines for business continuity, disaster recovery, and emergency management. Part 2 is an in-depth training in the audits of BC programs and it will enable you to become a BC auditor. Through this training you will be able to prepare your BC program for internal and external audits and also perform assessment of BC programs as an auditor.
